STUART P. DOBBS;

DIST. ATTORNEY

Named by the Democrats of this district for the office of District Attorney, Stuart P. Dobbs of Ogden presents his candidacy to the voters of the district upon a platform of strict enforcement of the laws of the state, now or to be enacted.

Mr. Dobbs is the son of a prominent attorney and prominent worker of Beatrice, Nebraska, was graduated from the University of Nebraska with Phi Beta Kappa honors, the highest scholarship ranking, and two years later from the law school of that college. He earned his way during part of both his high school and college career by such means as selling papers, working as a newspaper "devil," forming a partnership with a machine shop, taking care of a battery of linotype machines, etc., until in the latter part of his senior year in college, he became a newspaper reporter, and as reporter and editor, earned his expenses from that time on until he had completed his law work. His ability secured him a position with the Associated Press, in which capacity he "covered," among other matters, the great prison break in Nebraska, in 1912, shortly thereafter coming to Utah as assistant city editor of the Herald-Republican.

Mr. Dobbs had engaged in practice of law to some extent in Nebraska, but had not satisfied himself as to location until coming to Utah. The Beehive state suited him, so he looked about for a location, and finally formed a partnership with Judge J. W. N. Whitcomb of Provo. After a year in Provo, he removed to Ogden, where he has since built up a flourishing practice. He has demonstrated his ability and integrity in his profession, and his standing with his brother lawyers and the public is high.

If elected, Mr. Dobbs pledges himself to enforce the law firmly and without regard to person or family, although he does not desire to build up a reputation as a persecutor, instead of a prosecutor. Mrs. Dobbs is the contralto soloist at St. Joseph's church, and Mr. Dobbs is a member of the University club and of the Masonic order.—Advertisement.

CARRIERS ARE TO SOUND WHISTLE

At a meeting of The Standard Carriers' organization it was decided that all carrier boys would in the future use whistles while making their delivery. Subscribers are asked to cooperate with the boys in preventing the stealing of papers by taking their paper in as soon as it is left.

The Standard offers a reward of \$5 for information leading to the arrest and conviction of any person who steals a copy of The Standard.

At the meeting the boys also decided to have a big Thanksgiving banquet. The banquet will be paid for out of the money the boys earn by securing new subscriptions.

An election of officers took place and Raymond Adams was re-elected as head carrier. Cecil Jensen was elected as secretary of the organization.

RAY S. GODDARD

RETURNS HOME

Elder Ray S. Goddard, son of H. H. Goddard, returned Saturday from the Central States mission of the Mormon church, where he served as a missionary for the past two years. He is the first of the state of Louisiana the first year and in Missouri the second year, and reports having passed the most interesting period of his life while engaged in this religious work.

The Mormon elders, Elder Goddard states, are now well received in the central states and the people appear anxious to hear their message.

THE GEORGE A. LOWE CO. SECURES ANOTHER LARGE STRUCTURAL STEEL ORDER

The contract for the structural steel for the two new sugar factories soon to be erected at Paul and Shelley, Idaho, has been awarded to the Geo. A. Lowe company.

It will be remembered the same company was the successful bidder on the Twin Falls factory which is now nearing completion. These factories are being erected by the Amalgamated Sugar company whose headquarters are at Ogden.

The contract for the two factories at Paul and Shelley calls for one million six hundred thousand pounds of metal. The securing of contracts like this certainly evidences the fact that the mill connections of this well-known company must be of the best and it is to be congratulated upon its success as a factor in the steel industry of this intermountain west.

Arrests Made in Salt Lake

Salt Lake City, Utah, Nov. 6.—Six men have been arrested here in connection with the running down of an organized gang of dynamite suspects, it became known today. Nitroglycerin, fuses, caps, powder and other explosives were found on three of the men under arrest, the police say. Two of the men are under suspicion of having participated in the dynamiting of the substations of an electric power company in Oakland, Calif., a few years ago.

According to the police fifteen men are under suspicion. It was first thought these men were on their way to Everett, Wash.

A chance word dropped by one of the prisoners that the anniversary of Joseph Hillstrom's death was going to be celebrated this month has started an investigation which may reveal the real object of the band of suspected dynamiters gathering here. The men under arrest are George Graham, Frank Gray, John Ryan, George Wilson, S. Davis and Frank Martin.

Hillstrom, an Industrial Worker of the World leader, was executed here a year ago for the murder of a Salt Lake merchant.

SPEAKER IN THE FOURTH WARD M. I. A.

Elder W. P. Morton of Salt Lake City was the principal speaker at the monthly joint session of the Fourth ward M. I. A., held last night. His address being given in connection with a pleasing musical program. The theme of the talk was "Prayer" and the speaker declared that if they would pray in a spirit of humility and with a receptive mind, realizing to whom they were praying, that great blessings would come to them from the infinite hand of God.

The musical program consisted of well selected and excellently played numbers by the Nylander instrumental quartette, composed of Ralph Swenson, Axel Nylander, Leith Pearson and Lawrence Maddock. During the meeting, it was stated that the ward M. I. A. associations were making good headway through the zealous work of the officers and teachers and that a successful season, both from an educational and social standpoint, was anticipated.

Plans are now being made for the opening ball and the date will be announced in the near future.

NEW VEHICLE IS TO CARRY PUPILS TO SCHOOL

County school pupils of the old Randall district, attending at North Ogden, soon are to have a strictly modern chariot with glass sides, sub-floor heater and all improvements to carry them to and from school. If the new vehicle proves superior to those now in use, it is probable all of the districts will be supplied.

At a meeting of the board of education today, A. C. Christiansen was authorized to purchase the modern wagon, which will traverse the old Randall district.

Dr. Harry W. Nelson was appointed to inspect the school children of the county, to discover those suffering from any ailment of the nose, throat, eyes, ears or teeth. He will make his visits under direction of Superintendent W. N. Petterson. His pay will depend upon the number of visits. Last year the expense of this service was about \$300.

The board is preparing for the election on December 6 of two members in the even numbered precincts. The county is divided into five precincts, one member from each. The even and odd numbers elect members alternately, thus making it a rotary board. The coming election is for precincts Nos. 2 and 4, of which A. C. Christiansen and Joshua Homer are incumbents, respectively.

Precinct No. 2 includes West Weber, Taylor, Kaneshville, Hooper and Roy. No. 4 comprises Farr West, Slaterville, Plain City, Warren and North Warren.

Under the law no nominations can be made. Clerk L. H. Froerer has suggested, however, that a convention, or get-together conference, be held the last of November or about December 2 to bring about candidates. It is probable that the incumbents will again be willing to serve.

TEAMSTER FINED \$5 BY THE COURT

A double-quartet of plain drunks occupied the attention of the police court officials about a half hour, this morning. Two of the number were given suspended sentences and the other six, Ray Breuner, Steve Donagan, W. J. Caswell, Mike McGrath, J. Jones and Creed Douglass, were each sentenced to serve five days in jail. R. W. Topliff, whose case was taken under advisement yesterday, was fined \$5. He left his team of horses at the curb near Washington avenue, on Twenty-fourth street, Thursday morning and the animals wandered out into the middle of the street and blocked traffic for a number of minutes.

WORLD'S MARKETS Chicago Grain

Chicago, Nov. 6.—Corn advanced as a result of the late strength in wheat. The close was strong at 1-2 to 5-8c net advance.

Adverse weather in Canada and British buying at Winnipeg tended later to give the wheat market a lift. Export demand at the United States seaboard was said also to have improved. The close was strong, 1-4 to 2-12c net higher, with December at \$1.84 5-8 and May at \$1.86 1-2.
